Estructura / Structure:

Tubería en PVC flexible con espiral de PVC rígido indeformable, con pared interior lisa.

Tube in flexible PVC with non-deformable rigid PVC spiral, with smooth inside wall.

Color / Colour:

Transparente y espiral blanca.
Transparent with white spiral.

Temperatura de uso / Temp. range:

-10 °C +60 °C

Aplicaciones / Applications:

Bombeo por aspiración e impulsión. Transporte de agua y líquidos en general por bombeo. Maquinaria agrícola.
Suction and impulsion pumping. Water and liquids transport and pumping. Agricultural machinery.

Características / Features:

Atóxica y de uso alimentario.

Radio de curvatura: 4xDi. Fabricado según la norma UNE-EN-23994/93.

Non-toxic and food use

Bending radius: 4xID. Manufactured in accordance to UNE-EN-23994/93.

Los valores de vacío y presión corresponden a temperaturas de trabajo de 23 ± 2°C. Flexiplas se reserva el derecho de modificar las especificaciones sin previo aviso.

The detailed values of resistance to vacuum and pressure correspond to working temperatures between 23 ± 2°C. Specifications are subject to change without notice.

Le valeurs de résistance à la pression et vide correspondent aux températures de travail de 23 ± 2°C. Flexiplas se réserve le droit de modifier les spécifications sans avis préalable.
